IV. REPORT OF MANAGEMENT

The Presiding Officer then turned the floor over to the Chairman, Dr. Andrew L. Tan, who delivered the following message:

My dear stockholders, good morning.

Ladies and gentlemen, 2019 marks our 49th anniversary. From humble beginnings 40 years ago, we have now become a global company. The company is well-placed to continue and improve its international presence and competitive positioning. Today, Emperador products can be found in more than 100 countries encompassing six continents around the world. I am very grateful and I am extending my deepest gratitude to our stakeholders, employees and partners for four decades of growth, expansion and success.

It is fitting that last year's revenues reached an all-time high of P51.6 billion, rising 10% year-on-year as both the Brandy and Scotch Whisky segments registered positive performances. Excluding a non-recurring change, net profit jumped 4.0% to P7.1 billion and the portion attributable to owners rose 5.1% to P7 billion.

Your company continues to strive for product excellence and giving greater satisfaction to consumers' experience. Whyte and Mackay was named Scotch Whisky Producer of the Year and Fundador Supremo 18 won the Worldwide Brandy Trophy Award at the International Wine and Spirits Competition in 2019. These are testaments to our continued pursuit of innovation, quality and excellence.

Meanwhile, the year 2020 sees a liquor tax hike in the Philippines. The new taxation is a headwind for the domestic alcoholic beverage industry. And, again in early summer, the COVID-19 pandemic caught the world by surprise. Countries responded by imposing strict stay home quarantine. In the Philippines, the liquor ban was imposed by the local government units during the period of the Enhanced Community Quarantine. Our global presence continued to generate revenues and profit during the hard lockdown in the Philippines.

During this time, your company has responded by looking after the welfare of its employees and the needs of communities, here in the Philippines and abroad.

Emperador remains steadfast and resilient in these unprecedented times. 2020 is a watershed year. As a well-managed company, Emperador will emerge stronger and pave the avenue for future growth.

Thank you.

After the Chairman's Message, the Presiding Officer turned over the floor to Mr. Kenneth Nerecina, Investor Relations Director, for a presentation on the updates and financial highlights for 2019 of the Corporation.

IX. OTHER MATTERS

The Presiding Officer proceeded with the discussion of the questions raised by the stockholders via email prior to the Annual Meeting. Below is a summary of the questions and the answers that were given:

Q (Leo Caguron): Can you indicate your domestic and overseas capex this year and the next, taking into account the global pandemic?

A (President): Considering the current environment, we have held back Capex by about 40% this year. As you know, we have 3 criteria for Capex expenditures: 1. Work improvement and capacity expansion (ROI), 2. Strategic projects on sustainability and compliance, and 3. Expenditure level in line with depreciation. We don't want to under spend, as it may impact our capacity to deliver results in the future. We will resume to normal level of reinvestment when the world gets back to normal.

Q (Don Mendoza): What is your outlook for the rest of 2020 given the fluidity of the COVID situation?

A (President): This has been an extra-ordinary year. Despite the challenges, your company has performed remarkably well delivering positive results in the 2nd quarter and for the 1st half of the year. The positive performance shows the ability of the management to deliver results, not only in the Philippines but across the globe. It also exhibits the brand strengths as consumers sought out our brands here and abroad. Given the fluidity of the situation, it is difficult to see a clear path ahead. However, if the situation remains stable and the world returns to some form of normalcy, we expect both our brandy and whisky businesses to perform quite good this year and hopefully to beat last year's performance.

Q (Tristan Guiam): What brandy and whisky products have sold more in recent months amid lockdowns, quarantines, and liquor bans? I just heard about our stock being included in the main benchmark index Philippine Stock Exchange index or PSEi, comprised of 30 stocks. What are your thoughts about this development and how does this benefit our stock and shareholders??

A (President): In response to your first question, the Emperador brandy has performed very well in the Philippines. I believe there is a consumer psychology, an assurance to go with trusted brands during times of uncertainty. Emperador is a trusted brand enjoyed by millions of Filipinos, here locally and abroad. Fundador Brandy, which is the largest and oldest Spanish brandy, is growing in the USA, Canada, and Latin America during the lockdown. Again, it is a heritage brand in the Philippines. Our brandies in Mexico led

by El Presidente brandy grew by 8% to own 57% of the Mexico's brandy segment. Terry Centenario, the largest selling brandy in Spain also grew by 8% this year. In UK, Jura Single Malt Whisky grew by 34% in volume, Tamnavilin by 52% and W&M by 58%, just to name a few recognizable, heritage brands that continue to do well during this particular time. And, special mention to Claymore Blended Whisky, which is now the 2nd largest selling standard blended whisky in Hong Kong. And, the brand now is moving into China. Your company owns some of the most iconic and recognizable brands in the world. This is something we as shareholders should be very proud of. To answer your second question, we are happy that we are now part of the PSEI. The inclusion in the PSEI reflects company status, recognition of performance, the value of the company and strict adherence to corporate governance. And now, we represent one of the sectors of the Philippine economy. It raises the company profile to the investing public as a valued company worth investing into.
